

IMMEDIATE CONNECTION
Via
CHICAGO – ORD

Convenient same day connection has always been the best way to travel, especially when it comes to intercontinental flights. This is even more so, now, with the new normal of COVID test requirements and the associated limited travel window period.

To this effect, **ETHIOPIAN** is pleased to announce its **revised Saturday departure schedule from ORD** starting the 1st week of September. The new departure time of 11:40am is giving direct connection with ample transfer time for passengers coming from various US major cities and still reaching ADD in the morning for connections beyond ADD.

Now cities like **DEN, MCI, MEM, MSP, OMA** and others will have immediate connection on flights **ET575/05SEP, ET575/12SEP, ET575/19SEP and ET575/26SEP**.

We, at Ethiopian Airlines, appreciate your business.
